MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: Daniel A. Childs, Jr.
Comptroller

SUBJECT: PFIAB and Congressional Staff Inquiries (C)

1. Your note of 5 May on central responsibilities for fielding inquiries from PFIAB and Congressional staffs will hopefully improve what is now a very confusing situation. Frankly, we are getting reports of contacts with Congressional staffers, in particular, from throughout the organization.

2. I fear, however, that your note will further confuse matters in one area--Congressional contacts on resource questions. As the attached note from the former D/OCL shows, Congressional inquiries on the budget have historically been handled by this Office. We assume your memo did not intend to alter this arrangement and will continue to handle budget-related Congressional inquiries unless we hear from you otherwise.
